

# PRAYERLETTER

## Dear Prayer partners!

It is a great privilege to write this letter to all of you faithful prayerful people. We believe in James' words: "The prayer of a righteous person is powerful and effective".

This spring we have had and are having a large number of visitors. It is such a blessing that we have a large and good guest and volunteer house! There are many tasks and it is exciting to see how people's skills and knowledge are put into practise. It is encouraging to see all the involvement and friendships being formed here. This place means so much, not just for our children and young people!

The long-term group of volunteers have decreased and will decrease even further during the course of this year. We know out of experience that God does provide but we do admit that this is worrying us. Please help us to pray for strength and inspiration for the volunteers and that new ones would come! We ask the same prayer for the employees but it feels frustrating that the economy hinders us from employing more workers.

We also want to remind you of a previous prayer need, for a volunteer or perhaps a married couple who could act as team carer as well as taking responsibility for the house and its guests.

We have recently realised the seriousness of the economic situation and are willing to battle for more financial resources. Thank God for the faithfulness that there is in the willingness to help.

Pray for successful fundraising events and occasions.

Pray that God would open new doors.

Pray for resources to cover current gaps but also long-term solutions.

Pray for wisdom in all decisions that are taken.

Pray for those who are moving out from the transit/family homes this summer, that they are able to get jobs and will settle in well at Brândușa.

Pray for those who are moving out of Brândușa.

Pray for the completion of the camp building and that this summer's camps will be good ones.

Pray for our children's summer holiday and employees' annual leave.

Thank you, thank you, thank you for praying!

Warm greetings
